### Job Profile:

Talented and motivated Front-End Developer with expertise in Vue.js, JavaScript, JQuery, and UI animation. Possesses a strong understanding of logical problem-solving, the ability to create dynamic and visually appealing user interfaces, and a passion for delivering an exceptional user experience.

### Key Responsibilities:

- Develop and Maintain Web Applications, Websites, and Web Portals:
  - Design, develop, and maintain web applications using Vue.js, JQuery, and JavaScript.
  - Implement responsive user interfaces that function smoothly across various devices and browsers.
- Animate UI Elements:
  - Create engaging animations and transitions to enhance the user experience.
  - Work with designers to translate visual designs into interactive elements.
- Collaborate with Cross-Functional Teams:
  - Work closely with back-end developers to integrate APIs and other data services.
  - Collaborate with UI/UX designers to ensure the technical feasibility of design mockups.
  - Participate in code reviews and provide constructive feedback to peers.
- Optimize Application Performance:
  - Identify and resolve performance bottlenecks in the front-end codebase.
  - Ensure web applications are optimized for speed and scalability.
- Implement Best Practices:
  - Follow best practices for code maintainability, version control, and deployment.
  - Write clean, maintainable, and efficient code.
  - Stay up-to-date with the latest industry trends and technologies.
- Problem-Solving and Logic:
  - Apply logical thinking to solve complex technical problems.
  - Debug and troubleshoot issues across various browsers and devices.

### Required Skills and Qualifications:

- Proven experience as a Front-End Developer or similar role.
- Proficiency in Vue.js, JQuery, and JavaScript.
- Strong understanding of HTML5, CSS3, and modern front-end development practices.
- Experience with animation libraries and frameworks (e.g., GSAP, Anime.js).
- Familiarity with version control systems, preferably Git.
- Excellent problem-solving skills and attention to detail.
- Ability to work independently and as part of a team.
- Strong communication and collaboration skills.

### Additional Qualifications:

- Experience with other front-end frameworks and tools such as React, HTMX, etc.
  - Understanding of RESTful APIs and asynchronous request handling.
